

# Discover a world of comfort.

Sleepwell Product Catalogue  
SEPTEMBER - 2024

A mattress is  
like your partner.  
There's one made  
just for you.

Welcome to Sleepwell.

# *Did you Sleep<sup>\*\*\*</sup>well?*

Isn't this a nice thing to ask,  
first thing in the morning?  
Because we sleep with so much on our minds.  
Our loved ones go to bed  
with anxieties, jitters, or sometimes,  
just the excitement for the day to come.  
So, wouldn't it be nice to know  
how they slept? It'll show that we care.  
So, let's make it a ritual to ask.  
Because this one little question can do a lot.

Comfort in  
comforting others.

We started our journey with a dream to help India sleep well. This dream kept us going, pushed us to innovate, perfect every little detail and create the mattress of your dreams.

And it still does.

Everything is made in our advanced factories spanning over 200,000 square feet. At the heart of all our products is the comfort of each one of you. We take efforts to understand your needs and then meet them.

50 years ago, we started the modern mattress revolution in the country.

50 years later, we are the market leader, offering a pan-India distribution and manufacturing network, a diverse product portfolio, and robust R&D capabilities.

# Over 1.2 crore customers trust us with their comfort.

We believe that our comfort lies in comforting others. We sleep well, when we know our loved ones are sleeping well. And that's what we help you do. Over the last 5 decades, we've pushed the limits of comfort through innovation and cutting-edge technology. We understand you're unique, and so is your sleep. That's why every mattress at Sleepwell is designed keeping different sleeping styles in mind to meet ones individual needs. So you can wake up rejuvenated and ready to spread comfort to those you love.

**50 years of expertise**

**Over 12+ state-of-the-art manufacturing units**

**Robust R&D capabilities**

Your kind of comfort.  
From plush to basics.

A photograph of a woman and two children lying in bed, all smiling and looking at each other. The woman is on the left, leaning over the children. The child in the middle is a young boy with dark hair, and the child on the right is a young girl with dark hair. They are all wearing white shirts. The background is a light blue wall. The bottom of the image has a gradient overlay transitioning from orange to pink.

**Over 1.2 crore**  
*Happy customers*

# Pioneering sleep technology

We at Sleepwell are constantly pushing the boundaries of technology and innovations to craft the best sleep solutions that understand you, your body, and how you sleep.

## Sleepwell neem fresche

An innovative, anti-microbial technology integrated in all our products to protect you and your loved ones from dust mites, allergies and breathing disorders.

Effective even after  
multiple years and  
washes

Environment  
friendly

99% effective

Certified by U.S.  
Environmental  
Protection Agency

Memory Foam

Don't sink in memory foam.  
Go for the comfort of  
**Sleepwell Pro Nexa® Mattress.**

## Sleepwell Pro Nexa®

**67%**

**Better**  
body adaptation  
makes sleep  
more comfortable

**32%**

**Higher**  
pressure relief  
provides a more  
relaxed sleep

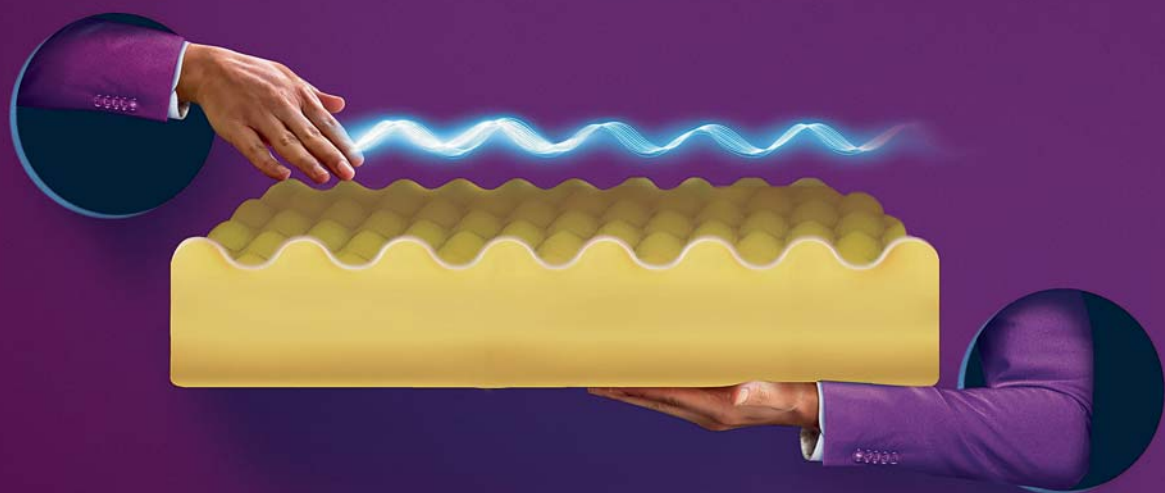

**27%**

**Faster**  
heat dissipation  
gives you  
a cooler sleep

Sleepwell's Acuprofile technology is the expert of ergonomic comfort. A revolutionary cutting profiling technique that can be customised to body's unique contour needs, providing personalized comfort across varying pressure points. It can be integrated into any section of the mattress (comfort, support, or top layers) depending on your unique needs – whether to support your spine, reduce stress, or for some snug comfort.

"It has that  
*special thing!*"

# Your comfort, now certified.

Our commitment to your health and well-being is backed by trusted certifications. The technology behind your mattress is scientifically validated, ensuring you get the best sleep possible.

**Sleepwell's Pro Nexa®** technology is patented technology and certified by RMIT University, Australia. It conforms to the shape of the body up to 67% better, 32% higher pressure relief for a more relaxed sleep, and 27% faster heat dissipation, as compared to conventional memory foams.

**Pro FitRest mattress** is recommended by The Indian Association of Physiotherapists (IAP) for enhanced muscle recovery.

**Pro Spinetech mattress** is recommended by the Indian Academy of Orthopaedic Surgeons (IAOS) for spinal health.

**Neem Fresche** is an anti-microbial technology in all Sleepwell products. Protects from dust mites, allergies and breathing disorders. It is certified by US Environmental Protection Agency for natural germ protection.

**Get the best sleep with Sleepwell.**

# Taste the luxury that is born out of science.

Find the best of tech and tailor-made  
comfort for your body.

If nothing less than exceptional  
will satisfy you, then explore our flagship range,  
the finest in sleep technology.  
Its advanced innovation offers you  
the ultimate sleep experience.

## Ortho Pro Profiled

### What goes inside

① Fabric with wave zoning design

More than just skin deep. The wave zoning is especially designed to distinguish firm and support zones in a mattress for the best back comfort.

② Impressions foam

Contour hugging foam that improves blood circulation. Innovative ambient temperature independent tech gives the same comfort in all seasons and temperature levels.

③ Acuprofile comfort layer

A contouring technology made using top-notch CNC machines, that lends smart contour cutting to foam in a wide variety of shapes.

④ Sleepwell Resitec foam

Sleepwell Resitec® foam resilience lends itself to better flexibility, thus offering pressure point comfort. It has a medium-firm feel and gives optimal body support and a comfortable bounce.

⑤ Anti Skid

The Anti-skid bottom keeps the mattress in a fixed place on the bed.

### Advantages

① Medium firm feel

② 12.5 cm (5.0") thick

③ Healthy breathability

④ Enhanced air circulation

⑤ Cool gel infused foam

⑥ Enhanced support

⑦ Anti skid

⑧ Assured warranty\*

**Sleepwell**

**Dual Pro Profiled**  
with Natural Latex

Industry's purest natural latex.  
Offers you un-compromised  
pressure relieving comfort.

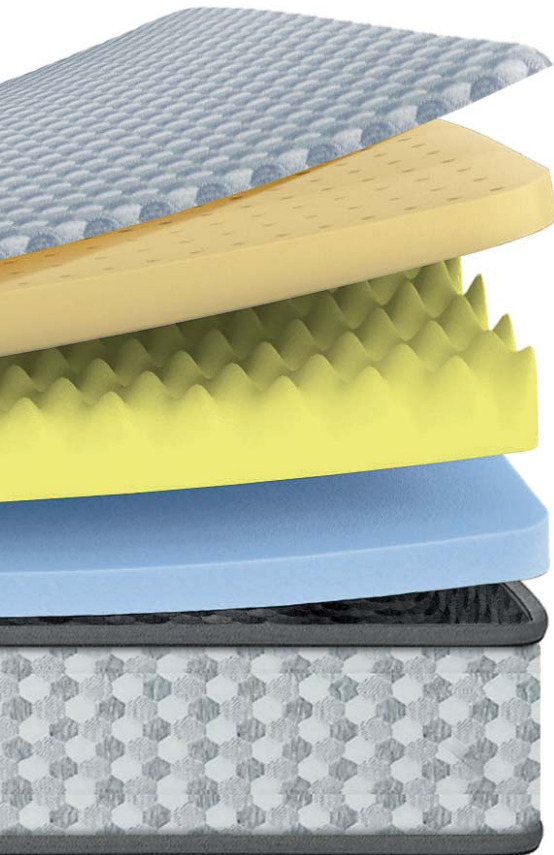

**Sleepwell**

# Dual Pro Profiled with Natural Latex

## What goes inside

- ① **Premium knitted fabric**  
Smooth, tear resistant knit fabric with soft texture and high strength.
- ② **Purest Natural Latex**  
Unlike conventional natural latex which are made using synthetic materials, Purest natural latex is the purest to offer you uncompromised pressure relief and comfort.
- ③ **Profiled Resitec foam comfort**  
Ergonomically designed, unique profiling offers distinct pressure relief to different pressure points of the body, enhances airflow, freshness and bounce.
- ④ **Sleepwell Resitec® foam**  
Flexible and resilient. Enhanced breathability with even pressure distribution. Adds extra comfort as a top layer.
- ⑤ **Dual tone fabric**  
More than just about the look and feel. The dual tone fabric of our pro series is especially designed to highlight the support and pressure point zones in the mattress. Light tone to denote Gentle feel. Dark tone to denote Firm feel.

## Advantages

 Gentle and firm feel

 12.5 cm (5.0") thick

 Reversible

 Enhanced air circulation

 Dual surface feel

 Healthy breathability

 5 Years Assured warranty\*

  
For germ protection
